

## Managing Successful Programmes Practitioner Course

### Overview

The OGC best practice Method “Managing Successful Programmes (MSP®)” brings together related projects to manage their interdependencies and deliver a “vision” providing on-going benefits to the organisation. MSP provides those responsible for authorising and managing programmes, with a structure which will help them towards delivering the business benefits.

This APMG accredited event is suitable for any organisation or individual seeing the need for a controlled approach to managing programmes. The course is also suitable for Programme Directors or Senior Responsible Owners, Programme Managers, Business Change Managers, experienced project managers, programme support managers and senior managers from any discipline with involvement in introducing major change initiatives into their organisation.

**Note:** Foundation Programme is 3 days and continues on for day 4 and 5 to include the Practitioner level.
