## Client Testimonial

"Ryan was a confident and well informed expert in the area of Excel, I particularly liked his delivery and responded well to the pace at which he set the course. It was well laid out, with appropriate breaks and an engaging delivery for the duration. It was evident that a high level of preparation went into this course.

The material was so useful to try the tools we were learning simultaneous to the course; each example was well considered and relevant to the topic in hand. I particularly liked all the shortcuts/tricks that Ryan had. My absolute favourite was the information on Slicers.

I have passed my appreciation onto my own organisation for allowing me to complete this training and also provided feedback that I rated the course/delivery highly."

- Claire Nolan, Education, Policy and Standards Department Staff Officer, Nursing and Midwifery Board of Ireland

## Why SureSkills?

## On Site - Training At Your Offices

We deliver training at your office, covering all of Ireland and the UK, with our highly skilled instructors.

#### Flexible

We work to your schedule and hold the training at your location. We can use standard training courses or customise content to suit the training and learning outcomes that you require.

### **Cost Effective**

Take advantage of SureSkills' on-site training offering so that you can save on time travelled and 'out of office' expenses.

#### **Better ROI**

Increase your employee productivity, while minimising downtime. On-site training also allows employees to operate their actual own PCs and software, meaning that they can quickly use their new skills.
